TONING CAMBODIAN NATURE FOR MODERN WELLNESS

Welcome to our sanctuary, where ancient wisdom and Cambodian apothecary bond for modern wellness— a cocooning spa world that is pure, tranquil and natural, conceived for the enhancement of body and spirit.

In Hinduism and Buddhism – Cambodia's main spiritual influences – 'Visaya' refers to the realm of bliss and wisdom. Combining Khmer, Thai and Ayurvedic traditions and ingredients, our simplified and tailored therapies ensure that you benefit from centuries of accumulated knowledge.

Make time for well-deserved pampering and indulge in a balmy escape for the senses.

Opening hours: 10:00 am – 9:00 pm

Revered eastern and western massage techniques, combined with a signature oil blend stimulate the circulation, promote deep relaxation and restore energy flow for supreme wellbeing.

BAMBOO SIGNATURE MASSAGE (90 minutes)

Using aromatic oil and a set of warmed bamboo sticks in various sizes, this distinctive massage incorporates stroking and rolling techniques to release muscular knots and tension, reduce toxin accumulation and fluid retention, and encourage healthy circulation.

CHAKRA BALANCE THERAPY MASSAGE (60 minutes)

To lull you into a deep state of meditative relaxation, singing bowls are used to begin and conclude this rebalancing ritual. In addition to promoting physical and emotional tension release, the experience harmonises energy flow, stimulates blood circulation and aids in the body's natural detoxification.

INDIGENOUS KHMER THERAPIES

At VISAYA Spa, we selected the most popular healing traditions from each locale to fully immerse you in the destination. Incorporating indigenous herbs that have proven therapeutic benefits, our signature Khmer therapies are inspired by ancient techniques that are still widely practised in the area.

TRADITIONAL KHMER MASSAGE (60/90 minutes)

The ancestor of the traditional Thai massage, the therapy was originally created to revitalise monks after long periods of meditation. A unique massage that uses no oil and involves rigorous stretching and body alignment, the Khmer massage has many holistic benefits, such as enhanced flexibility, improved energy and circulation, and a relaxing balance between body, mind and spirit.

KHMER HOT COMPRESS MASSAGE (90 minutes)

This traditional heated massage has been used for centuries in Thailand to relieve pain and inflammation. After a deep tissue massage, you will enjoy a warm herbal compress with plai, ginger, turmeric and lemongrass. The herbs will soothe stiff, sore or pulled muscles and ligaments, back pain, migraines, stress and anxiety, helping you drift away from your tensions and feel more relaxed.

KHMER SEASONAL BODY SCRUB (60 minutes)

Let our spa expert choose a gentle body scrub that will effectively cleanse and smooth your skin while keeping it hydrated.

KAFFIR LIME, LEMONGRASS AND HONEY BODY SCRUB (60 minutes)

This is a wonderful combination of aromatic ingredients to reveal radiant skin, reduce toxins and deep-clean. Honey has long been known to promote new skin cells and moisturise.

MASSAGES

Massage is a powerful treatment that can create many beneficial changes in your body, mind and spirit. With skill and care, massage techniques can invigorate and relax you, while easing pain and relieving tension from stiff aching muscles, boosting circulation and reducing mental stress.

STRESS RELEASE MASSAGE (60/90 minutes)

This therapy combines three of the five classic Swedish massage strokes to work deeply into your muscles, stretching them and releasing tension. It also improves your blood flow and circulation, which helps you feel more flexible and relaxed.

DETOX MASSAGE (60/90 minutes)

Our Detox Massage is designed to beat fatigue and sluggishness caused by harmful toxins. It uses a variety of movements to stimulate and invigorate you, while focusing on relieving fluid retention and muscle ache caused by sedentary lifestyle. With our signature oil blend and most effective sequence of basic massage strokes, you will feel revived and refreshed.

COCONUT OIL PREGNANCY MASSAGE (60/90 minutes)

This gentle revitalising massage for expectant mothers uses kneading techniques to help you unwind and relax. Antioxidant-rich coconut oil reduces inflammation as well as helping to balance hormones such as oestrogen, naturally.

INDIAN HEAD MASSAGE (60/90 minutes)

A soothing yet energising massage based on Ayurvedic principles, Indian head massage uses pressure point techniques and coconut oil to ease the tension of your head and neck. It can also help you with insomnia, chronic headaches, migraines and sinusitis, while restoring your tranquillity.

BACK, HEAD AND SHOULDER MASSAGE (60/90 minutes)

This anti-stress massage focuses on your back, shoulders and head to help you relax, revitalise and release tension.

REFLEXOLOGY FOOT SCRUB (60/90 minutes)

This deeply resetting treatment starts with a foot soak and scrub to make your feet soft and smooth. Then, you will enjoy a relaxing foot massage that releases pressure, stress and tension as the therapist stimulates various reflex points on your feet that correspond to different organs in your upper body, providing you with a sense of renewal and restored balance.

FACIAL TREATMENTS

AROMA FACIAL (60 minutes)

This signature facial uses a healing blend of nourishing plant extracts and traditional Cambodian ingredients to renew and oxygenate your skin. You will relax with a gentle massage, and then enjoy a natural mask that will restore your skin's radiance.

PURIFYING FACIAL (60 minutes)

This natural detox treatment adapted for oily and acne-prone skin uses a fine detox powder made from green tea or chocolate. Following a facial scrub and a purifying mask, the skin is deeply cleansed and nourished thanks to the use of anti-inflammatory coconut oil.

ANTI-AGEING FACIAL (60 minutes)

This advanced triple-action treatment uses powerful plant botanicals and a high-performance formula to firm, lift and strengthen the skin as well as reducing the appearance of fine lines and wrinkles, leaving your skin hydrated, moisturised and tightened.

AROMA JADE GUA SHA FACIAL (75 minutes)

Achieve firmer skin and enter a state of bliss with a facial combining nourishing plant extracts, traditional Thai ingredients and the ancient Gua Sha technique that uses a rounded tool made of jade to relax the muscles, get the energy and blood moving and shift any puffiness. By boosting the circulation, Gua Sha removes toxins and brings in oxygen and nutrients for supple, radiant skin.

BODY TREATMENTS

SEASONAL BODY WRAP (60 minutes)

Neutralise the harmful effects of air pollutants with a treatment that helps to detoxify and nourish your skin from inside-out. You will be wrapped in a natural mixture that draws out the harmful toxins from your pores, stimulates your circulation and soothes your muscles. This will also help you to firm, tone, reduce cellulite, and create smoothness and radiance. Your skin will feel soft, healthy and refreshed.

GREEN TEA DETOX BODY WRAP (60 minutes)

This refreshing treatment uses green tea, which is full of antioxidants and health benefits, to detoxify and nourish your skin. Green tea mixture in the fragrant body wrap will penetrate deep into your skin to help with weight management, improve skin texture, and eliminate toxins, leaving you feeling refreshed and rejuvenated.

THE AFTER-SUN GLOW (60 minutes)

Soothe, nourish and repair your skin with cooling and hydrating ingredients specially selected for dry, sun-exposed or damaged skin for their ability to reduce redness and fight free radical damage. This calming body therapy includes a hydration mask with aloe vera, and a lotion and butter with antioxidants from Subtle Energies, an Ayurvedic skincare line.
