OUT AND ABOUT

Siem Reap was little more than a village when French explorers discovered Angkor in the 19th century. With the return of Angkor to Cambodian, or should that be French, control in 1907, Siem Reap began to grow, absorbing the first wave of tourists.

- ❖ Discover Temples Heritage in Siem Reap such as Angkor Wat, Bayon and Ta Phrom - UNESCO World Heritage Site and one of the largest religious monuments in the world. Originally constructed as a Hindu temple dedicated to the god Vishnu for the Khmer Empire, it was gradually transformed into a Buddhist temple towards the end of the 12th century.
- ❖ Phnom Kulen National Park, which means Mountain of the Lychees is a popular day-trip and picnic destination for locals. It is said that it was at Phnom Kulen that King Jayavarman II proclaimed Cambodia's independence from Java, birthing the Khmer empire. Besides the waterfall at the top of the mountain, it's home to sacred temples including Thousand Lingas at Kbal Spean and Preah Ang Thom pagoda with its giant reclining Buddha.
- ❖ Tonle Sap Lake is home to a number of floating villages, accessible from Siem Reap for a peaceful and fascinating day trip.
- ❖ Pub Street is Siem Reap's nightlife hub. Situated next to the Old Market, Pub Street (officially Street 8), is packed with restaurants, bars, nightclubs, street food, shops and market stalls.
- ❖ Phare, The Cambodian Circus uses theatre, music, dance and contemporary circus arts to tell uniquely Cambodian stories--historical, folk and modern. Profits support the free education, professional arts training and social support programs of Phare Ponleu Selpak in Battambang.

LOCATION

Like most cities in South East Asia, also Siem Reap has a tropical climate with a dry and wet season. Most tourists visit Siem Reap during the dry season but the climate is mild enough to allow tourists to travel to Siem Reap the whole year round.
