DOLLARS FOR DEEDS

'Dollar for Deeds' encourages travellers to give back to the community by donating to a range of worthy causes, each hand-picked to impact the environment, sustainability and the community in the most effective way. Under this programme, guests can donate one dollar per night of their stay, with Minor Hotels matching their contribution dollar for dollar and donated to CSR partners internationally. By agreeing at the time of check-in, Avani guests not only enjoy a luxurious stay that is rich in discovery, but leave with wonderful memories of their experiences, knowing that they have made a positive difference to the local environment and community.

In Thailand, funds raised are dispersed equally between three chosen and vetted causes: The Princess Sirindhorn Craniofacial Centre at Chulalongkorn Hospital in Bangkok to provide comprehensive care for mainly children with craniofacial abnormalities. The Mai Khao Marine Turtle Foundation that looks after all turtles that nest in Phuket including the critically endangered giant leatherback.

The Golden Triangle Asian Elephant Foundation where rescued street elephants enjoy a peaceful life in Northern Thailand and wild elephants and their habitat are protected.

THE HEINECKE FOUNDATION

The Heinecke Foundation supports less fortunate children of all ages who have outstanding records of performance. Each year, the foundation gives scholarships to over 400 students, helping support their education from early learning stages through to graduation.

On a grassroots level, our hotels and resorts provide support to individual students in their local area who have excelled at school by buying books, pencils and school equipment to help further their education.

In return, students are asked to support projects in their own communities. Since 2000, the foundation has supported thousands of children and many have since graduated to earn professional degrees.

Avani+ Mai Khao supports the Heinecke Foundation. Every year, the prestigious scholarships distributed to 15 students from Wat Thepkasatree school and Thalang Pranangsang school in the Thalang area and internal scholarships are given to all children of team members.
