AvaniSHIELD

Avani Hotels as rolled out the AvaniSHIELD programme for safe travel.

We are prepared to welcome guests and have introduced new health and safety standards at all our Avani Hotels & Resorts. Named AvaniSHIELD, this series of initiatives will bring peace of mind to you and our staff by adding an additional layer of protection for everyone. The primary initiatives will be driven by the adoption of ultraviolet c sterilisation and HEPA-grade air purifiers all in compliance with the guidelines issued by the Centres for Disease Control and Prevention (CDC) and the World Health Organisation (WHO).

Breathing Room – after cleaning, each guest room will be sealed for 24 hours. This waiting period will be mandatory prior to allocating rooms to the next guests.

Safety & hygiene technology – we will use the latest technologies, such as Ultraviolet C Sterilisation, to ensure all high-touch areas and objects remain disinfected. We will also be disinfecting all objects entering our hotels, such as luggage, boxes and supplies.

A dedicated AvaniSHIELD agent responsible for implementing new cleaning protocols, as well as ensuring the latest health and safety guidelines are communicated to the team in a timely manner. The role will also include monitoring the overall health of Avani team members and conducting training sessions on new health and safety regulations.

At the restaurants, buffets will be replaced with à la minute food preparation focusing on freshness, safe food handling and Avani's zero waste initiative. Culinary teams are being retrained in food preparation in the post-Covid-19 world. Additionally, restaurants will be spacing out tables to practice physical distancing, and walk-in guests will be asked for their contact details to facilitate contact tracing. Menus will be available via QR code on a smartphone.

AvaniFit gyms will strictly follow physical distancing rules, ensuring that only a small number of guests are exercising at a given time, undergo a breathing period after each use, and implement sanitising measures
