Exotic Journeys To Balance The Body And Soothe Your Soul...

Rooted in Thailand, the essence of Anantara philosophy, 'without end', stems from ancient Sanskrit origins and our luxurious spa brings this philosophy to life through time-honoured treatments and heartfelt service.

Inspired by the blissful relaxation of a tropical beach escape, the luxurious world of Anantara Spa welcomes guests to a secluded hideaway. Quy Nhon is a historic city with a diverse surrounding landscape ideal for exploration. From adventurous hikes to remote temples, discerning travellers can immerse themselves in the culture of this fascinating country.

CHAKRA CRYSTAL BALANCING

(60 Minutes)

Choose the crystal-infused oil blend that resonates with you. Your body is surrounded by precious stones to harmonize the chakras and a purifying treatment promotes holistic well-being by releasing stress and tension both physically and emotionally, harmonizing energy flow, stimulating blood circulation and the body's natural detoxification. To coax you into a deep state of meditative relaxation, singing bowls are used to open and close this ritual, with the soothing sounds enhancing the benefits of chakra balancing.

Therapies

This vigorous yet relaxing remedy uses classic Swedish massage strokes and works deeply into the muscles to stretch the fibres and release tension that may otherwise cause restricted movement and pain. Encouraging blood flow, this treatment improves flexibility and relieves sore or pulled muscles.

This unique and exotic technique, known to many as 'passive yoga', has been passed down through generations and offers the ultimate body workout. Let your therapist do all the work – using pressure point and stretching techniques to release tension and increase vitality and flexibility – while you enjoy a wealth of benefits.

This indulgent treatment harnesses the penetrating warmth of pure essential oils, smoothed over the body using natural, heated volcanic stones to release stored tension.

Based on Ayurvedic principles, this soothing yet energizing treatment combines pressure point techniques and coconut oil to relieve tension in the head and neck. At the same time as restoring tranquility, it can also help to relieve insomnia, chronic headaches, migraines and sinusitis.
